Email: vmurray@brosamer.com

ACCESS TO CONSTRUCTION SITE

Media Field Personnel Reminder

Caltrans and R&L Brosamer, Inc. are committed to executing this project in the safest manner possible; however, please advise your respective field personnel that lane closures apply to all media vehicles as well. Unauthorized intrusions within the project limit work zones present a significant risk to our crews, to the traveling public, and to our media crews.

Media personnel desiring entry during construction activities should contact Caltrans or R&L Brosamer, Inc. in advance to coordinate escorted opportunities to film during active work periods. Commuter Alerts will continue to be distributed prior to major construction activities, especially lane closures, as the project progresses. Please visit our website at www.dot.ca.gov/dist6/ for our latest updates. We appreciate your cooperation in this matter and look forward to working with you as we continue to design and build this improvement project.

Caltrans & R&L Brosamer, Inc. thank commuters, businesses and residents of Fresno County for their patience during the construction of the State Route 180 Braided Ramps Design Build Project. For further information please contact Veronica Murray at R&L Brosamer Hotline number 1-(855) 265-6118, TTY Users - 711. Project information can be found on the Project Website online www.dot.ca.gov/dist6/
